Indoor unit parameters	
Model	V70MT-HD
Function introduction	APP remote video intercom, unlocking, monitoring, photographing and video recording, message and internal call
Product parameters	7-inch display, 1024 * 600 resolution
Connection mode	Network cable connection
Appearance dimension	195*132*16mm
Power supply mode	DC12 ~ 15V power supply

Outdoor unit parameters	
Model	IDS-HD/IDT-HD
Function introduction	Video intercom, card swiping, password unlocking, night vision, rain proof
Camera pixel	1080P
Connection mode	Network cable connection
Appearance dimension	98*180*35mm
Power supply mode	Poe power supply / DC12 ~ 15V power supply

Model：XSL-V90R-WIFI

Function introduction	App video intercom, unlocking, photographing and videotape
Product parameters	9-inch display, 800*480 resolution, DC15V indoor unit power supply
Connection mode	Rvv4 core wire connection
Appearance dimension	230*165*20mm
Product material	ABS engineering plastics + acrylic mirror

Model：XSL-V90S-WIFI

Function introduction	App video intercom, unlocking, photographing and videotape
Product parameters	9-inch display, 800*480 resolution, DC15V indoor unit power supply
Connection mode	Rvv4 core wire connection
Appearance dimension	230*165*20mm
Product material	ABS engineering plastics

Model：XSL-V70MG-WIFI

|	
Function introduction	App video intercom, unlocking, photographing and videotape
Product parameters	7-inch display, 800*480 resolution, DC15V indoor unit power supply
Connection mode	Rvv4 core wire connection
Appearance dimension	192*132*16mm
Product material	ABS engineering plastics + glass mirror

Model：XSL-V70RM

Function introduction	Vidoe intercom, unlocking, monitoring, photographing and recording, UI operation interface
Product parameters	7-inch display, 800 * 480 resolution, DC15V indoor unit power supply
Connection mode	Rvv5 core connection
Appearance dimension	230*165*20mm
Product material	ABS engineering plastics

Model：XSL-V70K

Function introduction	Video intercom, unlocking, monitoring, mute, ringtone selection
Product parameters	7-inch display, 800 * 480 resolution, DC15V indoor unit power supply
Connection mode	Rvv5 core connection
Appearance dimension	230*165*20mm
Product material	Metal shell + glass mirror

Model：XSL-V43E168

Function introduction	Video intercom, unlocking, monitoring, microphone / hands-free
Product parameters	4.3-inch display, 480 * 272 resolution, DC15V indoor unit power supply
Connection mode	Rvv5 core connection
Appearance dimension	195*185*30mm
Product material	ABS engineering plastics + acrylic mirror

Model：XSL-ICF

Function introduction	Video intercom, IC card swiping unlocking, fingerprint password unlocking, night vision rain proof
Product parameters	Million HD camera
Connection mode	Rvv4 core wire connection
Appearance dimension	98*180*35mm
Product material	Metal panel + ABS engineering plastic rain cover

Model：XSL-IDS

Function introduction	Video intercom, ID card unlocking, password unlocking, night vision rain proof
Product parameters	Million HD camera
Connection mode	Rvv4 core wire connection
Appearance dimension	98*180*35mm
Product material	Metal panel + ABS engineering plastic rain cover

Model：XSL-IDT

Function introduction	Video intercom, ID card swiping to unlock, infrared night vision, rainproof
Product parameters	Million HD camera
Connection mode	Rvv4 core wire connection
Appearance dimension	98*180*35mm
Product material	Metal panel + ABS engineering plastic rain cover

Model：XSL-M4

Function introduction	Video intercom, unlocking, infrared night vision, rainproof
Product parameters	Million HD camera
Connection mode	Rvv4 core wire connection
Appearance dimension	50*125*27mm
Product material	Zinc alloy shell

Model：XSL-L+

Function introduction	Video intercom, unlocking, infrared night vision, rainproof
Product parameters	Million HD camera
Connection mode	Rvv4 core wire connection
Appearance dimension	50*125*45mm
Product material	ABS plastic

Model：XSL-680

Function introduction	Video intercom, IC card unlock, fingerprint password unlock, night vision rain proof
Product parameters	Million HD camera
Connection mode	Network cable
Appearance dimension	126*270*42mm
Product material	Zinc alloy shell
